Co-creator of the “**World Internet Summit**”, the largest Internet Marketing seminar on the planet, and regarded by those who should know as Australia's foremost authority on making money on the Internet, Brett's book reveals:

7 powerful reasons why an internet business makes such good sense (even if right now you know absolutely nothing about it)

The 2 simple things you’ll need if you’re going to run your new internet business from anywhere in the world (you really can make money while you relax in your chateau in France ... log cabin in the Rockies... or from a beach hammock in sunny Australia) (pg 5)

Why (& how) you can earn an easy \$100K-\$500K a year and still have no need for any staff (pg 7)

Revealed! The 6 keys to your internet success (half of which have nothing to do with the internet at all!)

Exactly what I did to make \$40,000 in one year using a 30 second piece of news I heard on a morning TV program, and just 3 weeks work (of which I did very little of anyway) – you can copy what I did (pg 27)

FREE Bonus #3: "The Thrillionaire" best-selling book by Nik Halik, founder and CEO of the Financial Freedom Institute

Value: ~~\$24.95~~ **FREE**

The Thrillionaire is Nik Halik's personal story of adventure, his journey as he became a multi-millionaire through savvy investments in property and the stock market in his late 20's. The first flight-qualified civilian astronaut from Australia, he shares exactly how he funds his adventurous lifestyle through simple, yet powerful strategies...

Secret

I have a magnificent library of over 3,000 books. I can assure you Nik Halik's *The Thrillionaire*® will sit in a favourite place. As you journey through these pages, try and remember that each fascinating journey Nik has gone on was the result of a decision he made to improve the quality of his life. These decisions are definitely bringing his God-given potential to the surface. I once read where George Bernard Shaw stated that when he died, he wanted to be thoroughly used up. It is my opinion that Nik Halik subscribes to that sentiment.

BOB PROCTOR, best selling author, *You Were Born Rich* and philosopher of *The Secret*

History unveiled: How an early childhood illness helped Nik forge an entrepreneurial career by the age of 14

Discover how Nik created his "Multiple pillars of income" to amass a small fortune by the age of 17

Witness the secrets to Nik's amazing wealth building strategies which help him to live a lifestyle most people could only ever dream about...until NOW...

...Because you're about to experience the most powerful event you've ever seen – and what better way to maximise your investment of time than from your V.I.P. seat in the Front Section where you'll be able to 'hang out' with other achievers, people of a calibre more deserving of your attention. I know I've done a ton of deals at events and seminars, and as long as I've chosen my friends well, our deal almost always turns out great. So choose wisely.

OK...for \$37, it seems like it's almost too good to be true...what's the catch?

Great question. Basically there are two simple caveats to those who want to become a Wealth Prophecy V.I.P. Member:

Caveat 1: Please be at the V.I.P. Express Registration area before 9am to get your allocated V.I.P. seating. If you can't be there for 9am we can't guarantee your V.I.P. seat will still be available.

Caveat 2: We can't send out the bonus package, we'll hand it to you when you walk in the door. It's part of the reason why we're able to offer it to you at such a low price – no postage costs.
